**Remarks:**

1. This function requires data usage and a mobile handset with appropriate functionality. Charges on data usage, or other relevant charges, may be incurred depending on the mobile service plan subscribed to.
2. Minimum monthly fee per installation address is \$2,500, and excludes other chargeable **ONE** communications features. Customers must subscribe to a user plan of at least 24 months in duration, subject to applicable terms and conditions, which are listed in the application form.
3. Business NETVIGATOR broadband network specification refers to network specifications of the broadband line connected from the first piece of network equipment or central office of the Business NETVIGATOR network to the modem at the customer's premises. According to the number of user plans subscribed to, the business broadband service refers to the dedicated downstream bandwidth / dedicated upstream bandwidth of 6Mbps/640K / 10Mbps/10Mbps. The actual speed user experiences will be affected by the user's device, technology, network and software used, network configuration and coverage, usage levels and extraneous factors.

Hong Kong Telecommunications (HKT) Limited (the Company) reserves the rights to change or terminate the above mentioned special offer. In the event of dispute arising from this promotion, the Company reserves the rights of final determination.
